On clicking View Detailed Analysis, you can view your Portfolio Report which contains 3 main sections:

Section 1. INSIGHTS:

• These insights highlight the good and bad areas of your portfolio

HI RAGHUVIR, LOOKING AT YOUR HOLDINGS, WE FIND YOU AS CONSERVATIVE INVESTOR You prefer to have a safety first approach. Capital protection is more important for you than capital appreciation. We suggest a maximum allocation of less than or up to 40% in direct equity, balancing it with mutual funds or PMS. Risk Appetite 🚦 Low Edit Your current portfolio value is ₹ 1,00,14,30,300 , value considered for restructuring is ₹ 1,00,14,30,300 Note: ELSS/close-ended schemes, ACE holdings, ETFs, Illiquid stocks, bonds, fixed deposits, & Structured Products are not considered for restructuring. Add Additional Cash ▲ Add/Upload Portfolio VIEW DETAILED ANALYSIS

INSIGHTS ON YOUR PORTFOLIO Hi RAGHUVIR, you have O positive & 5 negative areas in your portfolio ASSET ALLOCATION You are overweight in Equity. Based on your risk profile, we recommend you to decrease Equity allocation by 60.0%. SECTOR / SCHEME EXPOSURE We notice that your portfolio is overweight in **1** sector. **PORTFOLIO RETURNS** We notice that your portfolio has given optimum returns so far. However the quality of stocks/schemes in your portfolio needs to be improved. DIVERSIFICATION Your portfolio is underdiversified

amongst **1** stock and **0** schemes. Your portfolio should consist of **40** stocks and **10** schemes.

Section 2. ASSET ALLOCATION

 This section of the report gives an overview of Current & Proposed Allocation of Asset Classes, Stocks and Schemes. You can remove an asset class from the recommendations by clicking on **Delete** icon or add an asset class if you wish to **Diversify your portfolio**.

Section 3: DETAILED RECOMMENDATION

- <u>Equity Portfolio</u>: The summary mentions the no. of stocks in current portfolio along with its current market value vis-à-vis no. of stocks in recommended portfolio along with total allocation.
- You have an option to exclude a stocks from restructuring if you wish to. This can be done by clicking on **"Edit Stocks"**, and deselecting the stocks to be excluded and clicking on **"Save"**
